

# PUBLIC LEADER

FOURTH YEAR.

MAYSVILLE, KY., MONDAY, MARCH 25, 1895.

ONE CENT.

LARGEST IN THE CITY.

## Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notice" free any more than a merchant can lose over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements accepted must be paid for, no matter in what part of the paper they appear.

**The Continued Calls**  
upon THE LEADER for free notices have become so burdensome that we are forced to publish the following terms:

**For Notices of Suppliers,**  
recipients, sales, or other public entertainments where a fee is charged, and for obituary notices, reductions of request, etc., THE LEADER will charge FIVE CENTS A LINE, and hereafter this will be the invariable rule. This, however, only.

**Does Not Include**  
notice of lodge meetings or Church services, which must not exceed ten lines.

**Incidents of Disputes.**  
Misunderstandings are unpleasant. The rate for Business Local in THE LEADER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "If it goes when you take it off," he says to the bookkeeper. But he forgets all about it. The next morning for two months—24 times—the bill is \$12. When he finds this, he writes a "kick" and a controversy, followed probably by an editorial, is started to obviate this trouble. "All full-fledged notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around."

**All matter for publication must be handed in before 9 o'clock in the morning of each day.**

**HERE THERE**  
If you have friends visiting you, or are going away on a visit, please send us a notice to that effect.

Miss Lula Best will leave tomorrow for a visit to Mrs. Ben Best at Walnut Hills.

Mr. and Mrs. Henry A. Power and daughter of Paris are visiting relatives here.

Colonel E. A. Robinson returned Saturday from a tour of Northeastern Kentucky and West Virginia.

Miss Agnes Maloney returned to her home at Flemingsburg Friday after a week's visit to Miss Stella and Annie Redmond.

At last accounts there were four well defined cases of smallpox at Ashland.

Tuning at Cincinnati prices \$3 and \$2.50 by F. J. Doyle at the Central Hotel.

The smallpox is raging fearfully in Ashland—newspapers. Saturday's News had a three-column case.

It pays to advertise. Miner's shoe store for the past few days has given ample evidence on that point.

Ferguson's valuable filly, Pirate of Pensance, ran into a fence at Lexington and was badly injured. She had to be shot.

Miss Anna Shackelford has a splendid position as stenographer and instructor in a large music house at Connersville, Ind.

The crossing between the Mitchell & O'Hare Hardware Co. and Hechinger & Co.'s is "out of sight." If you don't think so, try to find it by gait.

Brief services were held yesterday at the M. E. Church, South, by Rev. Hockenberry, the Rev. T. W. Watts being ill with grip.

The Lyceum Theater Company opens a week's engagement at the Opera-house tonight with a repertoire of new plays. Tonight they will be seen in a new edition of that delightful society drama, "Queens."

Hord-Loughridge shot a man by the name of John Osborne Saturday night, the ball striking him back of the ear, inflicting a serious though not a dangerous wound. The affair occurred on the Washington pike over a bottle of whiskey. Loughridge was arrested yesterday afternoon by Constable Geis and lodged in jail.

The engagement has been made of the announcement of Miss Henrietta Warren Harris of Covington and Mr. George Fleming Bateman, a prominent citizen of Lexington. The bride-elect is regarded as very handsome and a young lady of many pleasing accomplishments, and is a very faithful member of Trinity Episcopal Church. Rev. Mr. Nolan will be the officiating clergyman, and the wedding will take place shortly after Easter tide.

**THE CAPTIVE MOUNTAIN.**  
He made a little "mountain dew" 'Agin the government's will; They took him an' his whisky, too, Though he kept it mighty still. Said he: "I've got a family; It fills my heart with pain; To think that I shall never see The bright moon shine again." The "gum" put him in the jail— No light at all was near; He took some corn, an' old tin pail, An' made the moon shine there!

## MAYSVILLE WEATHER.

We respectfully invite the comparison of THE LEADER with any other daily newspaper in all Northern Kentucky. If any one can find a daily paper better than THE LEADER in the Ninth Congressional District that has

Larger Circulation, or More Original Reading Matter, we will take pleasure in presenting him with a year's subscription to THE LEADER. And this paper is furnished at same price as inferior ones.

**Six Ballenger the Jeweler.**  
Buy your Jewels from McCarthy.

Born, to the wife of Mr. Walter Rudy Friday evening, a son.

There is no smallpox in this city—reports to the contrary notwithstanding.

Now is the time to take stock in the First Series of The People's Building Association. Call on John Duley Treasurer, Robert L. Baldwin Secretary, or any of the Directors.

The rush was so great at Miner's closing-out sale that on Friday night and again on Saturday afternoon they were obliged to close the doors in order to straighten up the stock. It pays to advertise.

Yesterday afternoon about 3 o'clock the residents in the neighborhood of Mr. George T. Wood's premises were startled by the report of a pistol. Upon investigation it was learned that the shot had been fired in one of the negro houses in the back end of Mr. Wood's lot, but was not learned whether anyone was hurt or not.

**Go In, Frank.**  
Frank J. Zingler, Chief Clerk to Assistant General Passenger Agent C. B. Ryan of the C. and O., is a candidate for Council in Madisonville. Mr. Zingler is one of the most popular railroad men in Cincinnati, has a wide acquaintance, is full of business, and has many friends in Madisonville. He is making a strong race to become one of the "city fathers," and everybody who knows him in railroad circles wishes him success.

**FIRST NATIONAL BANK.**

**MEETING OF DIRECTORS—TESTIMONIAL TO THE LATE THOMAS WELLS, CASHIER.**

The Directors of the First National Bank met Saturday and decided not to elect a Cashier for the present, but decided that S. A. Piper, the President, should give his entire time and attention to the business of the bank.

Resolved, That in the death of Mr. Thomas Wells, late Cashier of the First National Bank, its stockholders and patrons have incurred an irreparable loss, the financial world in which he lived has been deprived of one of its safest, most conservative and worthy bankers, and the officials of the institution their wisest, best and safest counselor.

Resolved, That his death removes from us a citizen of great value, of broad and comprehensive views, and one ever ready to promote the best interests of the community as well as the community at large.

Resolved, That his genial and kindly nature was more fully shown in the home circle, and to the few intimate friends to whom he revealed himself. They and his loving wife can alone fully appreciate his noble character, and to her and to them we tender our deepest sympathy.

The business of the bank was found to be in first class condition, and will be conducted as it has been in the past.

The pianos at the convent are being tuned today by F. J. Doyle of Cincinnati, tuner for the John Church Co.

John W. Mason, ex-Deputy Assessor, died at his home last night at Orangeburg of pneumonia. He will be buried tomorrow at 11:30 at Stonelick, under the auspices of the Masonic fraternity.

## ANOTHER LANDMARK REMOVED

**Death Yesterday of the Venerable Mrs. Elizabeth Williams.**

Mrs. Elizabeth Williams, widow of the late James C. Williams, died at her residence on Limestone street yesterday morning at 9:30, aged 87.

She was a native of Virginia, but had been a resident of Maysville for more than seventy-five years.

Her husband died some nine years ago. The death of Mrs. Williams removes one of the oldest of our citizens—whose life was devoted to kindly actions and one whose loss will be felt by a wide circle.

Seven children survive—Mrs. Charles B. Morehouse of Moline, Ill., Mrs. W. S. Britton of Lexington, Mrs. L. Cone, Mrs. Thomas M. Wood, Dr. G. M. Williams, Henry M. Williams and A. W. Williams of this city.

The funeral will take place from the family residence at 2 o'clock tomorrow afternoon, with services by the Rev. R. G. Patrick of the First Baptist Church.

## SUSPENDED TEMPORARILY.

**LETTER CARRIER ALBERT N. HUFF SO NOTIFIED FROM WASHINGTON—THE CAUSE.**

Some two years ago There appeared in Maysville Mr. John B. Sheridan.

He was traveling solicitor for The Catholic Columbian, published at Columbus, O.

Among the new subscribers obtained by him in this city was Miss Kate S. Niland.

Mr. Sheridan claimed to have sent her name promptly to the publication office. Be that as it may, no paper came to this Postoffice for her the week following.

Mr. Sheridan called at the Postoffice and lodged complaint with the Postmaster, alleging that Letter Carrier Huff, on whose route the subscriber lived, did not deliver the paper because it was a Catholic publication.

The Postmaster investigated, and learned that Miss Niland's paper had not been received here. Mr. Sheridan's contention to the contrary notwithstanding.

The Postmaster also called upon Miss Niland, who assured him that she had not made any complaint to Mr. Sheridan, and hadn't really expected to receive the paper so soon after subscribing.

The Postmaster then gave orders that when the package of Catholic Columbian arrived the next week it should be brought to him and he would open it.

This was done, and Miss Niland's paper was not among the number.

The Postmaster then wrote to Mr. Sheridan, and wrote also to the publishers at Columbus, stating the fact; and the oversight was evidently in the publication office, for the week following the paper did come, and it was ever after promptly received and delivered to the patron.

The publishers of The Columbian can verify these statements, if they have preserved the Postmaster's letter.

All this happened under "a former administration."

One day last week Mr. Sheridan again came to Maysville and called at the Post-office on business.

Letter Carrier Huff saw him, recognized him, and as he had nothing else to do just then, followed him into the street.

Once outside, Mr. Huff charged Mr. Sheridan with having unjustly complained of him to the former Postmaster, which Sheridan denied, and which Huff reiterated and emphasized by a blow on Mr. Sheridan's jaw.

Sheridan made no resistance, hostilities ceased, but soon after he filed charges against Huff.

Postmaster Chenoweth, as was his duty, sent the charges to Washington, and Saturday an order was received from the Department suspending Mr. Huff from the service pending an investigation.

He is given ten days in which to prepare his defense.

Meanwhile Harry Richardson will serve the patrons on Mr. Huff's route.

The insurance compact has "busted all to pieces" at Lexington, and agents are begging for business at the old rates.

F. J. Doyle will be in town for today only and parties wishing their pianos tuned can leave word at the Central Hotel.

The C. and O. officials have issued an order that all their employes be vaccinated.

Mr. W. O. Sadler of this city is spoken of as a candidate for Railroad Commissioner. Mr. Sadler has had considerable experience in railroad affairs, being for a long time Secretary of the M. and L., and subsequently Agent at this point for the same company.

Memorial services were held yesterday afternoon at the Louisville Industrial School of Reform in honor of the late Daniel Spaulding, for a long time President of the institution. Rev. Dr. E. L. Powell and the Directors delivered addresses and the children of the institution rendered a musical program.

## DOUBLE FUNERAL.

**Two of Lewis County's Oldest Settlers Laid to Rest.**

It isn't often That a man and wife are buried at the same time.

Charles Tully, aged about 80, and the last representative of Lewis County's pioneer settlers of that name, died at his home near Ebenezer Church on Tuesday last.

His wife, aged about 75, whose maiden name was Crutcher and who also belonged to a pioneer family, was high upon death at the time, and it was decided to keep the venerable husband's remains a few days, in view of her possible death. On Friday she too "crossed the river," and on Saturday both were laid to rest in Ebenezer Churchyard.

They leave an only son, Mr. John W. Tully.

The Postmaster General has sent a letter to Postmaster McChesney at Lexington revoking the order issued a few days ago telling him to hold the mail of the Southern Mutual Investment Company.

The company is all right, and it may be that somebody has got both feet in it.

Frank Harrison, Editor of Harrison's Shortland Magazine, Boston, says, "I use the Parker Fountain Pen and prefer it to any fountain pen made, and I have tried them all as an expert stenographer."

These celebrated pens are for sale by Ballenger the Jeweler, South side Second street.

At a meeting of the Directors of the First National Bank Saturday afternoon it was decided to place affairs under immediate charge of Colonel S. A. Piper, President of the Bank, and that Mr. W. W. Ball, who has been Assistant Cashier, is to act as Cashier until the next regular election of Directors, which will be in January.

There is quite a stir in local political circles from the fact that it is generally believed the Court of Appeals will decide that the charter for cities of the second class, including Lexington, Covington and Newport, will be declared constitutional by the Court of Appeals, and thus make it obligatory for elections to be held in the three cities this fall to elect Mayors.

## EASTER NUMBER!

**AN OPPORTUNITY FOR LEGITIMATE ADVERTISING.**

THE LEADER will, on Saturday, April 13th, issue a special "Easter Number." It will consist of 8 pages, with a page devoted to Easter, embracing a story by Colonel Will L. Vischer, formerly of the Kentucky press and well known throughout Mason and adjoining counties.

This edition will be a trade catcher, and advertisers may depend upon getting what they pay for.

We will see if some of our merchants are as willing to patronize a legitimate home enterprise as they are to jump at every "fake" that comes along.

The game of ball between the Chesters and Little Grays was called at 2:30 Saturday afternoon, and at first proved an exciting one. The Little Grays won by a score of 35 to 21. The battery for the Chesters were Greenwood, Dunbar and Hicks; for Little Grays, Ort and Willett. Over 100 people witnessed the game.

The Bristol Courier, in noticing the spring concert that was given at the Southwest Virginia Institute, has this to say of a Maysville young lady: "The waltz song by Miss Alice Wheeler was so acceptably rendered as to meet with a hearty encore. Miss Wheeler has a very sweet, rich voice, to which is added a most enviable stage manner. The difficult piece which she rendered gave her opportunity to display varied tones of voice, which she did in a manner that was most clever."

## THE SILVER PROBLEM.

Commercial Gazette.

Farmer Anderson has two thousand bushels of wheat.

Mr. Jones has a thousand dollars worth of silver bullion.

Mr. Anderson's wheat is worth in the market \$1,000.

So is Mr. Jones's silver bullion.

Mr. Jones goes to Philadelphia, takes his silver to the Mint and has it coined into two thousand nice, fine, pretty silver dollars.

When Farmer Anderson brings along his thousand dollars worth of wheat, Mr. Jones buys it, paying him \$1,000—and he has \$1,000 left with which to buy the wheat of the next farmer that comes along.

This is free coinage. Some people are sure that all the farmers in the country are shouting for it.

We should see a good many strange things in this country if the silver people should have their way.

The Danville Advocate says the industry of diamond cutting never had a foothold in this country until the passage of the Wilson Bill. Goodness gracious! Say, have you always lived in the chinquapin bushes? You ought to strike out and learn something.

In April, 1894, ex-President HARRISON delivered himself in this wise on the silver question:

"The Republican party is friendly to a restitution of silver to a place of honor among the money metals of the world. Some of my friends in the West thought I was uttering a new doctrine when I declared that I believed the free use of silver upon an international agreement that would assure its continued equality with gold would do more than anything I knew of, save the establishment of the protection principle, to bring again prosperity into our country. The trouble upon this question has been that some of our Western friends would not receive any man as the friend of silver who believed that we could not coin it freely and maintain its parity with gold without coming into an arrangement with the other great commercial Nations of the world."

"They should have been more liberal. I believe today that we can see in England, the Nation that has stood most strongly against the larger use of silver, and in Germany, a Nation that has followed England, the clear indications of the growth of a sentiment for an international agreement upon this question. It is increasing in power; and I believe, if rightly and wisely encouraged and directed from America, it will finally bring other Nations, by the compulsion of their own necessities, into accord with us upon this subject."

**Don't Stop Tobacco—How to Cure Yourself While Using It.**

The tobacco habit grows on a man until his nervous system is so completely enmeshed in it that he cannot get rid of it without losing health, comfort and happiness. Baco-Cure is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin Physician who has used it in his private practice since 1875, without a failure, purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want, while taking Baco-Cure. It will satisfy you when to stop. We give written guarantees to permanently cure any case with three boxes, or refund the money with 10 per cent. interest. **Deafness Cannot be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running snore or impaired hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

## TAKES HOLD.

## The New Peruvian Government Issues a Manifesto.

It is Signed by the Provisional President and Junta of Both Factious.

Lima is Patrolled by the Urban Guard—The Wife and Daughters of Caceres Took Refuge in the British Legation—No Disturbance in Callao.

NEW YORK, March 23.—The Herald's special from Lima, Peru, says: The provisional government has been recognized in Lima, Peru, which was the legal first vice president under President Bernudez. Lima is carefully patrolled by the urban guard. The troops of Caceres are still under arms and are marching to the positions assigned them under the agreement for an armistice.

The Caceres adherents in Callao have not yet submitted, but there is no disturbance there.

The wife and daughter of Caceres took refuge in the British legation. They will probably be escorted to Callao by a British guard, and will then be placed on board a British man-of-war.

The provisional government has issued this manifesto:

"Called upon when patriotism forbids hesitation, we have accepted our mission, convinced that we have only to respect the rights of all with frankness and self-denial.

"We assume that the object of the provisional government is peace, conciliation and principally to reestablish in the public mind confidence in the authorities, and to maintain peace and order in the meantime.

"The constitution and laws in force to-day are such as should govern a republic, but to realize the purpose of the provisional government we require the assistance of all. We implore all natives and foreigners to assist us.

"The terrible events which have occurred in Lima and the solemnity of the moment merit our best efforts that every citizen will uphold and help us in the work of reparation.

"We commence our task trusting to merit support in realizing the reforms which the government will shortly offer to the nation.

"The signers of the manifesto are the provisional president and the Junta, representing both factions in Peru."

## THE PEANY MURDER.

A New Theory in That Celebrated Case—A Deceit Letter and a Mysterious Woman.

TOLEDO, O., March 23.—Work on the Tontogany murder mystery has by no means been abandoned. Sheriff Briggs has a theory, and is working to secure the evidence to establish the reliability of it. An important arrest may be anticipated almost any day now. Dr. Edmond recently took a trip to northern Michigan, and when he returned a stranger accompanied him.

The stranger soon began a systematic series of inquiries concerning the murder, and has been working diligently, or apparently so, on the case ever since. It has since developed that he is a detective employed by Dr. Edmond.

The county commissioners will offer a reward of \$500 for the arrest and conviction of the murderer or murderers of Mrs. Peany.

It has not been generally mentioned and never published, but the theory now is that neither Dr. Edmond nor Miss Hartung knew anything of the murder that night, but that a decoy note was sent to the Peany, which she believed to come from Dr. Edmond, and that the note came from a woman who is now believed to have done the shooting, without the knowledge of either of the parties who have been arrested. Sensational developments are promised.

## TRILBY, O.

The New Name of a New Post Office in Franklin County.

WASHINGTON, March 23.—Numerous petitions from all parts of the country have been received by the fourth assistant postmaster general requesting that new post offices about to be established be named "Trilby."

Gen. Maxwell has complied in two instances, by giving the name of Du Maurier's heroine to two offices, one in Franklin county, Ohio, and one in Schuyler county, Illinois.

He has not had time to act upon the other petitions.

The officials of the bureau are resigned to what they think the inevitable, and are waiting for the names of "Little Billee," "Tuffy," "The Laird" and "Svengali" to be suggested.

## An Inebriety Test.

BOSTON, March 23.—Common Councilman Lane has introduced a bill requesting the committee on police department to consider and report within three weeks on the expediency of establishing at police station-houses a scientific test of inebriety, which will apply to every person arrested and brought to the station-house on the charge of intoxication before he is locked up and held for trial.

## Fire in a Michigan Town.

DECATUR, Mich., March 23.—A fire which started at 6 o'clock Saturday morning in the Duncombe house, destroyed eight buildings and seriously threatened the destruction of the entire village. Aggregate loss about \$20,000.

## New Road to the Sea.

HARRISONBURG, Va., March 23.—The people of this county have subscribed \$150,000 toward the building of a railroad from the coal fields of West Virginia through this place to Tidewater.

## Japs Repulsed.

SHANGHAI, March 23.—A dispatch from Formosa says that the Japanese have attempted to make a landing on the Pescadore islands, but were repulsed with slight loss.

## EXODUS TO AFRICA.

Senator Morgan Believes in Will Reach the Tropics.

WASHINGTON, March 23.—Senator Morgan, of Alabama, thinks the present exodus of Negroes from the south to Africa will increase rapidly in proportions and he believes that the time will soon come when the government of the United States will take the matter up officially and aid in their deportation.

"Africa," he said in discussing the question, "is the natural home of the Negro and a majority of them desire to return to that country. They can not well be blamed for entertaining that wish, for there is nothing in this country white man's country for the African race. Sufficient time has elapsed since the slaves were emancipated to demonstrate the white man's superiority in all walks of life and my observation is that most of the Negroes already realize that if they remain here they will always occupy inferior positions and continue as of old to be little more than servants."

## PEACE CONFERENCE.

It Will Last a Fortnight—Japan Will Get the Best of the Deal.

LONDON, March 23.—A dispatch from Higo to the Pall Mall Gazette says the peace conference at Simonski will last a fortnight. The cessation of hostilities to Japan is inevitable. The Japanese failed to make a landing on the Pescadore islands, and were repulsed with a small loss.

It is certain that when peace is made between Japan and China the latter will be required to pay a heavy war indemnity. China has \$725,000,000 in coin, while Japan has only \$101,200,000. But China's coin is nearly all silver, while about one-half of Japan's coin is gold. If the indemnity can be paid in silver, China could export a great part of it from her own people and easily borrow the rest, but should Japan demand gold and the settlement be decreed on that basis, where is the gold to come from? The bulk of it would have to be gotten in Europe and America.

## MUST EXPLAIN.

The Spanish Cruiser's Captain Summoned to Havana.

NEW YORK, March 23.—A special to the World, dated Havana, March 23, says: The commander of the Spanish cruiser Conde de Venadito has been called to Havana to explain the Allinca affair.

A detachment of the coast guard, composed of five men of the Simancas, was fired in an ambush by a party of insurgents, and sent to pieces by insurgents, who attacked them with machetes.

A small party of insurgents has been traced through the suburbs of Guanajuato. Another party commanded by Perito Perez attacked the coffee plantation of Ermita, in the suburbs of Yatares. ## COST OF THE TEMPLE.

A COMPUTATION SHOWS IT TO HAVE BEEN SEVENTY-EIGHT BILLION DOLLARS.

The cost of Solomon's Temple and its interior decorations and other paraphernalia was one of the wonders of olden times. According to Villapandua, the "talents" of gold, silver and brass used in its construction were valued at the enormous sum of \$6,879,823,000. The worth of the jewels is generally placed at a figure equally as high. The vessels of gold according to Josephus, were valued at 140,000 talents, which, reduced to English money (as has been shown by Chapel's reduction tables) was equal to \$73,396,303. The vessels of silver, according to the same authorities, were still more valuable, being set down as worth \$494,344,000. Priests' vestments and robes of singers, \$2,010,000; trumpets, \$200,000.

To this add the expense of building materials, labor, etc., and we get some wonderful figures. Ten thousand men hewing cedars, 60,000 bearers of burdens, 80,000 hewers of stone, 3,300 overseers, all of which were employed for seven years and upon whom, besides their wages, Solomon bestowed \$5,738,907. If their daily food was worth 20 shillings each, the sum total for all was \$98,877,088 during the time of building. The materials in the rough are estimated as having been worth \$2,545,337,000. These several estimates show the total cost to have been \$17,442,442,168, or \$77,221,665,989 in United States money.
